Subject: RE: Port Neches School Assessment Plan

Dana,

Looks good. Only suggestions would be that since we mention the action level for Unified Command, we may want to state the agencies in Unified Command (EPA, TCEQ, TPC, and local government).

I believe the school board mentioned at their meeting last night that Unified Command will be communicating with them if we reach the 0.5 ppm in the community, so they have a heads up of a potential for an increase in measurements
